

<i>Manaus</i>	ATTO Workshop 2024 - Program				
	<i>Tuesday</i>	<i>Wednesday</i>	<i>Thursday</i>	<i>Friday</i>	
<i>from to</i>	1. October	2. October	3. October	4. October	
09:00 09:15	Data Management Workshop (Portuguese)	Registration	Sergio Duvoisin: Large-Scale Environmental Monitoring in the State of Amazonas	Laynara Lugli: The role of roots affecting biogeochemical cycles in tropical forests	
09:15 09:30					
09:30 09:45		Welcome Coordinators & Invited local representatives	Hella van Asperen: The role of termites in the Amazon CH4 budget	Eric Goergens: ATTO from a different angle	
09:45 10:00					
10:00 10:15					
10:15 10:30		coffee break	coffee break	coffee break	
10:30 10:45					
10:45 11:00		Luciana Rizzo: Data and modeling integration: insights into surface-atmosphere exchanges in Amazonia	Poster Session: GHG and VOCs	ATTO School - EDU Cloudroots	
11:00 11:15					
11:15 11:30					
11:30 11:45	Manfred Wendisch: Cloud Research using the Research Aircraft HALO: Combined with ATTO?		Synthesis - topic 1 Parallel sessions		
11:45 12:00					
12:00 12:15	lunch				
12:15 12:30					
12:30 12:45	lunch				
12:45 13:00					
13:00 13:15	Data Management Workshop (English)		lunch	lunch	
13:15 13:30					
13:30 13:45			Poster Session: Ecosystem processes	Synthesis - Introduction of topics (plenary)	Synthesis - topic 2 Parallel sessions
13:45 14:00					
14:00 14:15					
14:15 14:30				coffee break	
14:30 14:45					
14:45 15:00			coffee break	UEA Environmental Law	coffee break
15:00 15:15					
15:15 15:30				Poster Session: Aerosols and Clouds Biogeochemistry	Poster Session: Physical climate
15:30 15:45					
15:45 16:00	Plenary + Wrap up/Workshop closure				
16:00 16:15					
16:15 16:30					
16:30 16:45					
16:45 17:00					
17:00 17:15					
17:15 17:30					
17:30 17:45					
17:45 18:00
